

21st International Symposium on Bioinformatics Research and Applications (ISBRA 2025)
University of Helsinki
Helsinki, Finland, August 3 - 5, 2025

ORGANIZATION COMMITTEE

General Co-Chairs:

Sampsa Hautaniemi (University of Helsinki, Finland)

Matti Nykter (Tampere University, Finland)

Alexander Zelikovsky (Georgia State University, USA)

Program Co-Chairs:

Jing Tang (University of Helsinki, Finland)

Xin Lai (Tampere University, Finland)

Zhipeng Cai (Georgia State University, USA)

Sponsors:

Special Issues:

21st International Symposium on Bioinformatics Research and Applications (ISBRA)

University of Helsinki, Helsinki, Finland

August 3 - 5, 2025

<https://www.isbra2025.com/index.html>

The International Symposium on Bioinformatics Research and Applications (ISBRA) provides a forum for the exchange of ideas and results among researchers, developers, and practitioners working on all aspects of bioinformatics and computational biology and their applications. Submissions presenting original research are solicited in all areas of bioinformatics and computational biology, including the development of experimental or commercial systems. Topics of interest include but are not limited to:

Biomarker discovery	High-performance bio-computing
Biomedical databases and data integration	Metagenomics
Biomedical text mining and ontologies	Molecular evolution
Biomolecular imaging	Molecular modeling and simulation
Comparative genomics	Next-generation sequencing data analysis
Computational genetic epidemiology	Pattern discovery and classification
Computational proteomics	Software tools and applications
Data mining and visualization	Structural biology and drug discovery
Gene expression analysis	Systems biology
Genome analysis	AI and machine learning methods in Bioinformatics and Medical Information
Population genetics	Big Data Analytics in Biology and Medicine

PAPER SUBMISSION

Please submit extended abstracts (up to 12 pages in Springer LNCS format) via the online submission system (<https://equinocs.springernature.com/home>). Submission implies willingness of at least one author to register and present at the symposium. The authors should choose one of the following tracks:

Track 1: Submit up to 12 pages in LNCS format for (i) publication of the extended abstract in the Springer LNBI Proceedings and (ii) invitation to submit a 30%-50%-extend version to ISBRA'24 special issues. The pending approval journals are IEEE/ACM Transactions on Computational Biology and Bioinformatics, Journal of Computer Science and Technology, Tsinghua Science and Technology, Chinese Journal of Electronics, Big Data Mining and Analytics or IEEE Journal of Biomedical and Health Informatics.

Track 2: Submit up to 12 pages in LNCS format for (i) presentation at the conference and (ii) invitation to submit a full-length paper to ISBRA'25 special issues. The pending approval journals are Journal of Computational Biology, Methods, Interdisciplinary Sciences-Computational Life Sciences, Quantitative Biology, BMC Bioinformatics or BMC Genomics.

IMPORTANT DATES

Submission Deadline:	March 25, 2025
Notification:	May 1, 2025
Final Version Due:	May 12, 2025
Conference Date:	August 3-5, 2025
